

Quote Request Form

When filling out the below, "C200" and "C305" are not interchangeable. Use C200 for loads between 250–400kg per arm, and C305 for heavier loads between up to 1000kg per arm.

Finish

Powder-coated Hot-dipped galvanised (HDG)

Note: HDG finish is not available for C200 columns at 4200mm height or for 1200mm arm lengths. Custom import available on request.

Layout/configuration

Single entry Double entry

How many runs? _____

How many bays in each run? _____

If unsure, provide the maximum length of the area/wall

Pack Information

What is the desired weight per arm? _____

Pack dimensions (L x W x H) _____

Pack weight? _____

How many packs are stored on a single level? _____

Site Considerations

Height limitation (ceiling or fork reach)? _____

Ground surface (e.g. concrete/bitumen) _____

Is it uneven or sloped ground? _____

Delivery & Install

Do you require installation? Yes No

Do you require delivery? Yes No

What is the delivery address? _____

Is there a forklift on site to unload? Yes No

Outdoor Racking

If racking is to be installed outdoors, wind loading must be completed;

• Suburb and postcode of where the rack is to be installed? _____

• What best describes the location where the rack is to be installed?

Racking to be installed where there is no buildings or development, or trees within 200m (flat plane or field)

Racking to be installed no more than 100m from buildings in a well-developed industrial area or no more than 50m from buildings in a semi-built-up area
