

JUNEE COMMUNITY CENTRE WINTER NEWSLETTER

Winter has been a busy season at Junee Community Centre! Over June, July and August, we've been getting out into the community, building new partnerships, strengthening referral pathways, developing programs and creating more opportunities for people to connect.

From community events and expos to new programs, interagency connections and preparations for spring, there has been plenty happening behind the scenes and across our community.

Connecting With Our Community

Throughout winter, JCC has continued to strengthen relationships with local and regional organisations across health, disability, family support, youth services, education, aged care and community services.

Our focus has been on making it easier for people in Junee and surrounding communities to know where to go, who to speak to and how to access support.

This has included new and strengthened connections with schools, health services, community organisations, disability providers, youth services and other local groups.

Connecting people • Building partnerships • Strengthening community

 **Need support? Want to get involved? Have an idea for our community?**

JCC is here to help you connect with local programs, services and opportunities.

WINTER COMMUNITY UPDATES

June • July • August 2026

🌾 JCC at the Ganmain Show

22 August 2026

We took JCC on the road to the Ganmain Show, giving us another opportunity to connect with people outside the Centre.

Our stall provided information about JCC services, programs, community activities and upcoming events while allowing us to have plenty of conversations with members of the wider community.

It was great to be out and about, meeting people and sharing more about what JCC has to offer.

💖 Strong Families, Strong Communities

Community Connections Day – 18 August 2026

August saw JCC bring community organisations together for our Strong Families, Strong Communities – Community Connections Day at the Junee Ex-Services Club.

The day provided an opportunity for community members to meet services, learn what support is available and make connections in a relaxed and welcoming environment.

A big thank you to the organisations and community members who supported the day and helped make it possible.

🍖 Community BBQ

Boys to the Bush joined us on the day to host the BBQ, providing an opportunity for people to grab something to eat while connecting with services and each other.

Connecting people • Building partnerships • Strengthening community

WINTER COMMUNITY UPDATES

June • July • August 2026

Wagga Wagga Community Disability Expo

26 August 2026

JCC attended the Wagga Wagga Community Disability Expo, connecting with disability providers, community organisations and other services from across the region.

The Expo provided an opportunity to strengthen relationships, learn more about services available to people with disability and their families, and increase awareness of JCC's own services and supports.

These connections are important as we continue building stronger referral pathways for our community.

Learning, Seminars & Sector Connections

NDS Seminar – 13 August 2026

Winter wasn't just about events – we've also been investing time in learning, networking and keeping up to date with changes across the community and disability sectors.

JCC attended the NDS Seminar, providing an opportunity to hear about developments within the disability sector, connect with other organisations and bring information and ideas back to JCC.

Connecting people • Building partnerships • Strengthening community

 **Need support? Want to get involved? Have an idea for our community?**

MORE FROM JCC THIS WINTER

🤝 JCC Interagency Network

Our JCC Interagency Network continued throughout winter, bringing services together to share information, discuss emerging community needs and identify opportunities to collaborate.

Recent discussions have included:

Access to paediatric, occupational therapy and speech pathology services

Youth health and wellbeing

Smoking and vaping prevention

Domestic and family violence referral pathways

Disability and NDIS changes

Health and wellbeing services

Local referral pathways

Upcoming community programs and events

The network continues to grow, with organisations from Junee and surrounding communities joining the conversation.

AUGUST EVENTS AT JCC

Community BBQ

Boys to the Bush joined us on the day to host the BBQ, providing an opportunity for people to grab something to eat while connecting with services and each other.

Junee Community Centre x Junee Ex-Services Club

We're proud to work closely with the Junee Ex-Services Club, providing a welcoming local space for JCC events, programs and community connections. Together, we're creating more opportunities for our community to connect, participate and access support.

AUGUST EVENTS AT JCC

Community Table

Our Community Table continues to provide practical, accessible support for local people — neighbours helping neighbours when it's needed most.

Meals on Wheels And Round Table

Celebrating the wonderful people who make Meals on Wheels possible and the connection, care and friendly faces that come with every meal.

Bringing local people together to have a voice, share ideas and help shape what matters to our community.
